

# BI2-G12-RP6X 7M Inductive Sensor

#### Technical data

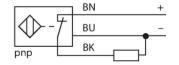

| Туре                                      | BI2-G12-RP6X 7M                                     |
|---|---|
| ID  | 4635495   |
| General data                              |   |
| Rated switching distance                  | 2 mm  |
| Mounting conditions                       | Flush   |
| Secured operating distance                | ≤ (0.81 × Sn) mm                                    |
| Correction factors                        | St37 = 1; AI = 0.3; stainless steel = 0.7; Ms = 0.4 |
| Repeat accuracy                           | ≤ 2 % of full scale                                 |
| Hysteresis                                | 315 %   |
| Electrical data                           |   |
| Operating voltage U <sub>B</sub>          | 1030 VDC  |
| Ripple U <sub>ss</sub>                    | ≤ 10 % U <sub>Bmax</sub>                            |
| DC rated operating current I <sub>e</sub> | ≤ 200 mA  |
| No-load current                           | ≤ 15 mA   |
| Residual current                          | ≤ 0.1 mA  |
| Isolation test voltage                    | 0.5 kV  |
| Short-circuit protection                  | yes/Cyclic  |
| Voltage drop at I <sub>e</sub>            | ≤ 1.8 V   |
| Wire break/reverse polarity protection    | yes/Complete  |
| Output function                           | 3-wire, NC contact, PNP                             |
| Switching frequency                       | 2 kHz   |
| Mechanical data                           |   |
| Design                                    | Threaded barrel, M12 x 1                            |
|   |   |

#### **Features**

- ■Threaded barrel, M12 x 1
- ■Chrome-plated brass
- ■DC 3-wire, 10...30 VDC
- ■NC contact, PNP output
- Cable connection

# Wiring diagram

## Functional principle

Inductive sensors detect metal objects contactless and wear-free. For this, they use a high-frequency electromagnetic AC field that interacts with the target. Inductive sensors generate this field via an RLC circuit with a ferrite coil.

# Technical data

| Dimensions                            | 54 mm                                      |
|---------------------------------------|--|
| Housing material                      | Metal, CuZn, Chrome-plated                 |
| Active area material                  | Plastic, PA12-GF30                         |
| End cap                               | Plastic, EPTR                              |
| Max. tightening torque of housing nut | 10 Nm                                      |
| Electrical connection                 | Cable                                      |
| Cable quality                         | Ø 5.2 mm, LifYY, PVC, 7 m                  |
| Core cross-section                    | 3 x 0.34 mm²                               |
| Environmental conditions              |  |
| Ambient temperature                   | -25+70 °C                                  |
| Vibration resistance                  | 55 Hz (1 mm)                               |
| Shock resistance                      | 30 g (11 ms)                               |
| Duetastian along                      | ID07                                       |
| Protection class                      | IP67                                       |
| MTTF                                  | 2283 years acc. to SN 29500 (Ed. 99) 40 °C |
|                                       | 2283 years acc. to SN 29500 (Ed. 99) 40    |

# Mounting instructions

#### Mounting instructions/Description

| Distance D             | 2 x B   |
|------------------------|---------|
| Distance W             | 3 x Sn  |
| Distance T             | 3 x B   |
| Distance S             | 1.5 x B |
| Distance G             | 6 x Sn  |
| Diameter active area B | Ø 12 mm |

6947212

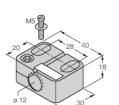

### Accessories

QM-12 6945101

Quick-mount bracket with dead-stop; material: Chrome-plated brass. Male thread M16 × 1. Note: The switching distance of the proximity switches may change when using quick-mount brackets.

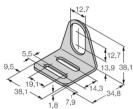

BST-12B

Mounting clamp for threaded barrel

sensors, with dead-stop; material: PA6

MW12 6945003

Mounting bracket for threaded barrel sensors; material: Stainless steel A2 1.4301 (AISI 304)

BSS-12

Mounting clamp for smooth and threaded barrel sensors; material: Polypropylene
