Subject: **Asbestos Compliance Statement**

Turck Inc. is committed to producing and developing products that are ecologically responsible. As a result of this commitment, Turck Inc. is producing products that are compliant to the European Directive restricting the use of Hazardous Substances - RoHS.

Industrial Control Products manufactured by TURCK at any of our worldwide factories, or subsidiary factories have not utilized Asbestos in the production of our products

Asbestos containing compounds have not been intentionally added or been in contact with the units. No Asbestos is currently, or ever has been any part of the components or products TURCK has distributed.

Best regards,

A handwritten signature in black ink, appearing to read "Paul Harms". The signature is fluid and cursive, with a long horizontal stroke at the end.
